

## Fraud Opt-In Consent

Bank of Luxembourg has implemented technology that will notify you in the event of suspicious debit card and check activity. A SMS (text) message will be sent to your mobile device asking you to confirm or decline the activity. No other information other than a 'Y' or 'N' should be sent back to this service. **The service will never ask for personal or account information.** If a message asks for account information, birthdate, social security number, etc., it is a scam and you should NOT reply. If you are unsure of the authenticity of a message, contact the Customer Care Center at (920) 845-2345 prior to replying to any message.

By consenting below and providing your mobile number, you:

- Authorize Bank of Luxembourg to send SMS (text) messages to the number provided;
- Understand that messages may be sent by an automated system;
- Acknowledge that consent is not a condition of providing or maintaining an account with Bank of Luxembourg.

By signing below, I agree to receive SMS (text) messages related to fraud alerts from Bank of Luxembourg.
